Q&A No. 1

**REQUEST FOR PROPOSALS (RFP)
SOLICITATION NO. S00R7400006**

**CONSTRUCTION MANAGEMENT FOR THIRD-PARTY (NON-STATE PROPERTY), MULTIFAMILY RENTAL HOUSING PROJECTS
FUNDED BY DHCD**

The following questions regarding the subject RFP have been submitted. The answers provided by DHCD are intended to clarify the RFP's requirements and *do not* constitute an amendment.

Vendor Question	DHCD Answer
1. The Financial Proposal Form (Attachment F) does not sum correctly to the Total Cost (It does not include 3.2.4 Field Monitoring).	Please see attached "S00R7400006 - Construction Mgmt Svcs - Financial Proposal Form - Attachment F - FINAL – Corrected"
2. Pgs. 33 and 34 discuss the "Invoice Period" but do not define the period. Is it a monthly invoice (if service has been performed)?	Yes, it is monthly.
3. Pg. 34, #3.7.3 (a) states "Compensation shall be at the hourly rate as shown ...". How are reimbursables (e.g. pg. 34, #3.7.2, Travel Reimbursement) invoiced?	Reimbursable expenses shall be invoiced monthly and can be on same invoice as service.
4. Ref Insurance Requirements, Pg. 30, #3.4.4, Crime Insurance – Is the coverage to protect the contractor from internal employee theft or is to protect the State (or others) against theft by an employee?	All required insurances are to protect the liability of the State.
5. Is RFP solicitation #S00R7400002 (for what appears to be the same work as S00R7400006), issue date 8/2/16, still an open RFP or has it been withdrawn or contracts awarded?	RFP Solicitation No. S00R7400002 was cancelled. RFP Solicitation No. S00R7400006 has been issued to replace the cancelled solicitation.
6. At the pre proposal conference, in response to a question on MBE requirements/goals for this contract, DHCD stated that an MBE prime contractor could only receive 50% credit of the 30% goal regardless of the percentage of the contract work they would perform, however, an MBE subcontractor could receive as high as 100% credit toward the 30% MBE goal. Would you confirm that my understanding is correct. Also, is a joint venture structure between a non-MBE prime and an MBE subcontractor acceptable and in compliance with DHCD and the MBE office regulations.	According to State Procurement Regulations, when a certified MBE firm participates as a prime contractor (independently or a part of a joint venture) on a contract, a procurement agency may count the distinct, clearly defined portion of the work of the contract that the MDOT certified MBE firm performs with its own forces toward fulfilling up to fifty-percent (50%) of the established MBE participation goal (overall) and up to one-hundred percent (100%) of not more than one of the MBE participation subgoals, if any were established for the contract. For example, please see the attached document. A non-MBE prime must meet the established MBE participation goal with MDOT certified MBE firm(s). For example, please see the attached document.

Q&A

For purposes of clarifying the requirements relating to the new MBE forms, we have provided several examples. All examples are subject to the information contained in the instructions that accompany GOMA's MBE Utilization and Fair Solicitation Affidavit and MBE Participation Schedule standard form, as well as Title 14, Subtitle 3 of the State Finance and Procurement Article of the Maryland Annotated Code and 21.11.03 of the Code of Maryland Regulations, as updated from time to time.

Please note that requirements to meet the MBE participation overall goal and subgoals are distinct and separate. An MBE prime may meet or exceed the overall goal if it counts its own participation but may still need to request a waiver if it is unable to meet one or more of the subgoals it is not self-performing or the remainder of the overall goal that it is not self-performing.

For all of these examples, please note that each of the MBE firms listed on the MBE Participation Schedule (including the MBE prime) must be properly certified to perform the scope of work and must be performing a commercially useful function. Failure to meet the overall goal and/or any subgoals is subject to waiver and good faith efforts requirements. Please refer to Sections 4 and 5 of the MBE Utilization and Fair Solicitation Affidavit and MBE Participation Schedule and the information included in the Waiver Guidance.

GOMA's MBE solicitation forms can be found on our website at
<http://goma.maryland.gov/Pages/Reporting-Tool-MBE.aspx>

27% overall MBE participation goal

7% African-American subgoal

4% Asian-American subgoal

An African-American MBE prime can use the value of the work performed by its own forces to meet up to 13.5% of the overall goal, which includes the 7% African-American subgoal.

The MBE prime would have to meet the remaining 4% Asian-American subgoal or request a waiver and would have to meet the remaining 9.5% balance (13.5% minus the 4% performed by the Asian-American firm) of the overall goal using other certified MBE firms or request a waiver.

Self-perform (African-American MBE firm)

Example 3: Services contract example

Established goals

30% overall MBE participation goal
7% African-American subgoal
4% Asian-American subgoal
12% Women-owned subgoal

A dually-certified Asian-American/Women-owned MBE can use up to 15% of the value of the work performed by its own forces towards fulfillment of the overall goal, which could include: (a) up to 4% of the Asian American subgoal, OR (b) up to 12% of the women-owned subgoal. Because it is dually-certified, the company can be designated as only ONE of the MBE classifications (Asian American or women-owned) but can self-perform up to 100% of the stated subgoal for the single classification it selects. The bullets below further explain how these options might be exercised by this dually certified MBE prime:

Option 1: Although the MBE prime is allowed to meet up to 50% of the overall goal (in this example 15%) with the work performed by its own forces as an Asian-American firm, the MBE prime must still subcontract with other MBE firms and meet the remaining 7% African-American subgoal and the 12% women-owned subgoal or request a waiver for any subgoal it cannot meet. The MBE Prime could choose to exceed the overall goal by committing to a higher 34% overall goal and both subgoals (15% + 7% + 12% = 34%).

Self-perform (Asian American MBE) - Exceeding goal

15% overall self-performed work (includes 4% Asian-American subgoal)
7% for African-American
12% for women-owned
34% commitment

Option 2: The MBE prime could choose to self perform 11% instead of the maximum 15% overall goal to stay within the established 30% overall goal.

Self-perform (Asian American MBE) - Meeting goal

11% overall self-performed work (includes 4% Asian-American subgoal)
7% for African-American
12% for women-owned
30% commitment

Option 3: As another option, the MBE prime can self-perform the full 15% as a women-owned firm and then would have to meet both the remaining 7% African-American subgoal and the 4% Asian-American subgoal and the remaining balance of the overall goal (4%) with other MBE firms or a request a waiver.

Self-perform (Women-owned MBE)

15% overall self (includes 12% women-owned subgoal)
7% for African-American
4% for Asian American
4% other MBE (all minority classifications, including African-American and Asian)
30% commitment

In all Options, the good faith efforts criteria must be met by the MBE prime with regard to achievement of the African-American and women-owned subgoals.

Example 3: Services contract example

MBA Participation overall 30% with subgoals of 7% African-American, 4% Asian-American and 12% women-owned

OPTION 1: Self-perform (Asian American MBE) – Exceeding goal
 15% overall self-performed work (includes 4% Asian-American subgoal)
 7% for African-American
12% for women-owned
 34% commitment
